

## Meeting #1 Notes

Here is a recap of today's meeting and the items each person is taking for action.

EVERYONE:

- Our SRS assignment is DUE Tue April 10 @ 11pm. Here are the assignments:
- a product description -- Troy / Colleen
- UI diagrams -- Will
- use cases -- Colleen / Troy
- a process description -- Matthew
- customer meeting reports -- Lawrence will schedule w/ TA
- Please set up a GitHub account and email your username to Colleen so she can add everyone to our Git project.

<https://github.com/signup/free>

- We will continue to meet Tuesdays at 09:30 in the same room (CSE 025, Undergraduate Project Lab).

Colleen:

- setting up a GitHub project

Davis:

- started a project website and can be found at <http://students.washington.edu/dshep/403/>

Lawrence:

- investigating getting 3-4 Android devices for testing purposes
- investigating Amazon Cloud credits ~\$200
